DISCOVER

“Membership in this esteemed community has given me an immense sense of inspiration as well as mental focus in business and life. Virtually every day and every month I feel that I am growing as a person and learning from a certain focal group of people that I have yearned for for a very long time.”

David Dworcan, EO South Africa

# BOLDLY GO!

This is what we've done all our lives. It's what allows us to grow and take risks. It inspires us to never give up, celebrating failures as well as successes. It's an innate instinct born out of courage, creativity and eternal optimism.

# THIRST FOR LEARNING

Our most valuable asset is wisdom gained through our appetite for knowledge and the transformational experiences that we can share with our peers. A thirst for learning leads to an open mind, and an open mind leads to greater opportunity.

# MAKE A MARK

We're not afraid to challenge convention. We are in control of our destiny, and with that comes a great responsibility. To build value. To make a difference. To leave a legacy. We're willing to put in the effort to transform any experience into a positive one for all.

# TRUST AND RESPECT

In business, as in life, integrity is everything. Within our organization, integrity goes deeper than just the game rules; it is our code of conduct. Confidence, respect and inclusiveness are imperatives. Non-judgment and non-solicitation are non-negotiable.

COOL

Cool defines our approach, our attitude and our experiences. As we challenge convention, we are reinventing the experience of what it means to be an entrepreneur. We are vibrant and progressive. We commit to forward thinking. We commit to innovation. We commit to cool.
